

## 150mm Wide Aluminium Air Grilles

AGF-4-34 + OBD 150 - SC/TC Aluminium Air Grille

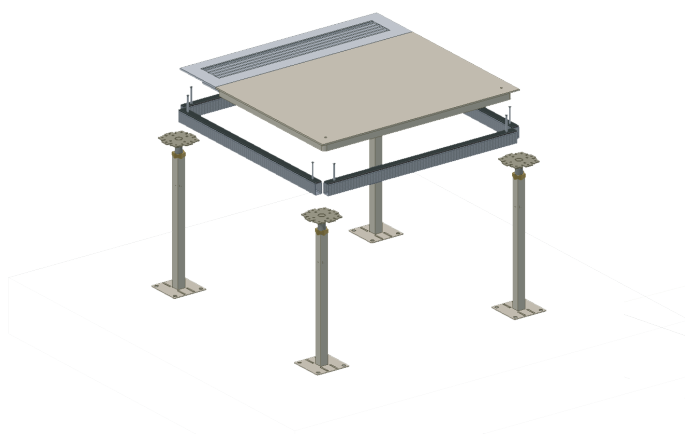

AGF-L-28 + OBD 150 - CWC Aluminium Air Grille

### General Information

1. The standard size is 150mm wide and 600mm long, however custom sizes are available on request. i.e. 150 x 550mm; 150 x 400mm etc.
2. Both Air grilles are made from 100% aluminium, the surface of these grilles are finished in a clear anodised finish.

The AGF-4-34+OBD 150 air grille is supported by:

The AGF-L-28+OBD 150 air grille is supported by:

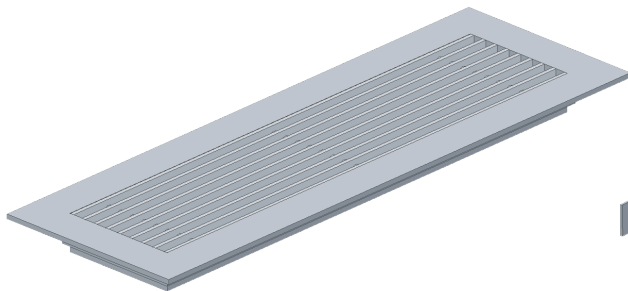

### Technical Data

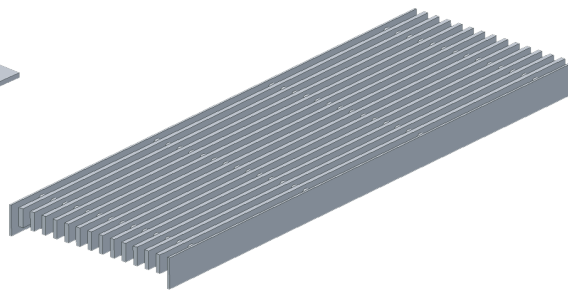

Air Flow L/s	50	100	150	200	250	300
Pascal's Pa	4	15.5	33.5	60	98	135

## 200mm Wide Aluminium Air Grilles

AGF-4-34 + OBD 200 - SC/TC Aluminium Air Grille

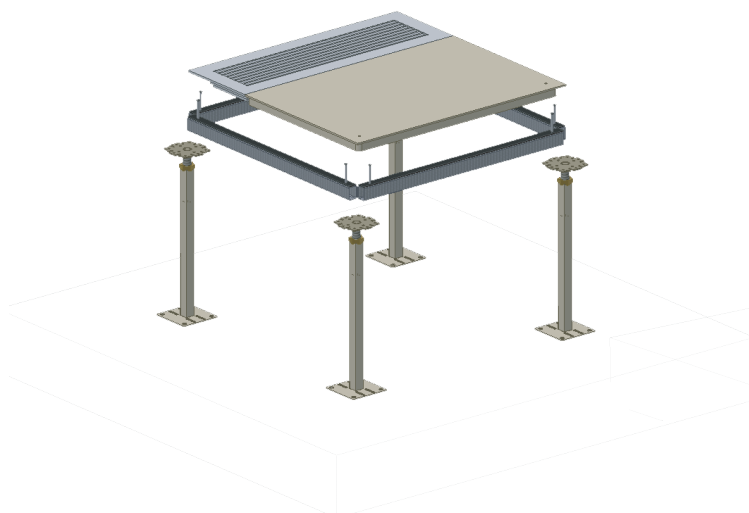

AGF-L-28 + OBD 200 - CWC Aluminium Air Grille

### General Information

1. The standard size is 200mm wide and 600mm long, however custom sizes are available on request. i.e. 200 x 550mm; 200 x 400mm etc.
2. Both Air grilles are made from 100% aluminium, the surface of these grilles are finished in a clear anodised finish.

The AGF-4-34+OBD 200 air grille is supported by:

The AGF-L-28+OBD 200 air grille is supported by:

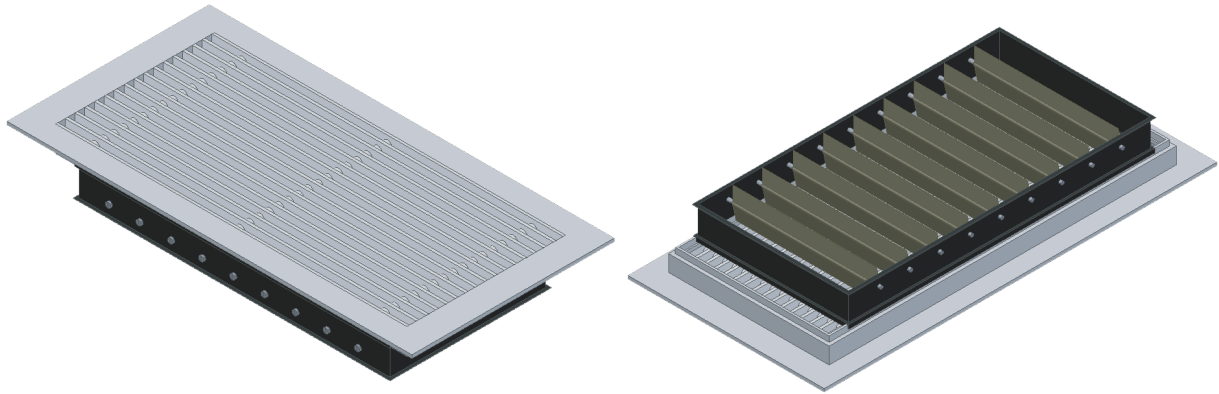

### Technical Data

Air Flow L/s	50	100	150	200	250	300	400
Pascal's Pa	1.5	5	10.5	19	30.5	43	75

## 300mm Wide Aluminium Air Grilles

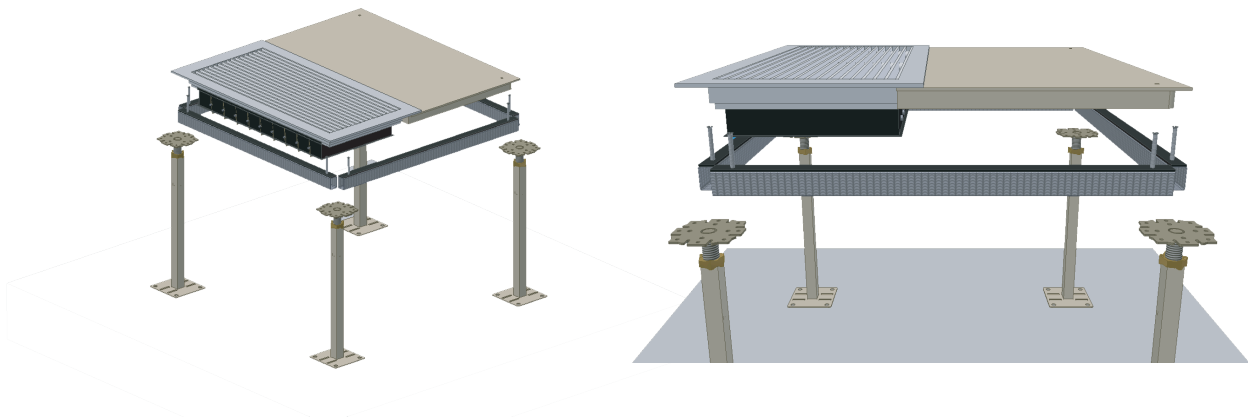

### AGF-4-34 + OBD 300 - SC/TC Aluminium Air Grille

#### General Information

1. The standard size is 300mm wide and 600mm long, however custom sizes are available on request. i.e. 300 x 550mm; 300 x 400mm etc.
2. The Air grille is made from 100% aluminium, the surface of these grilles are finished in a clear anodised finish.

The AGF-4-34+OBD 300 air grille is supported by:

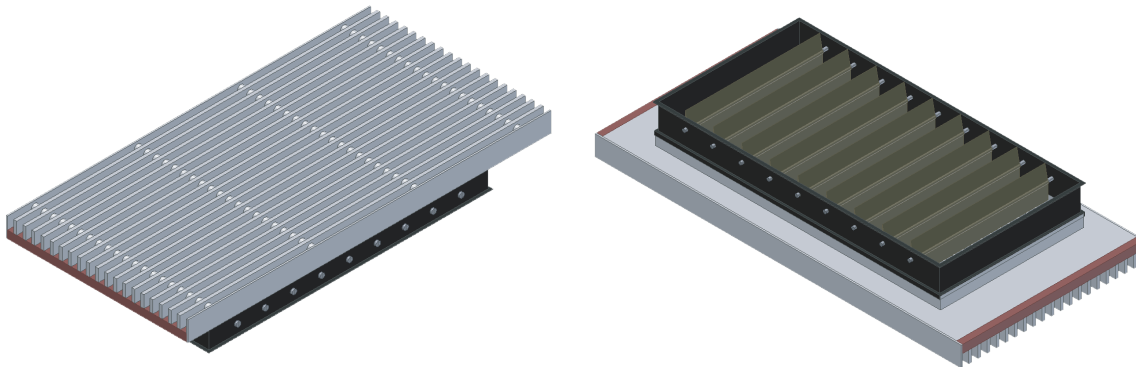

#### Technical Data

Air Flow L/s	50	100	150	200	250	300	400	500
Pascal's Pa	-	1.5	3.5	6	10.5	15	25.5	38

## 300mm Wide Aluminium Air Grilles

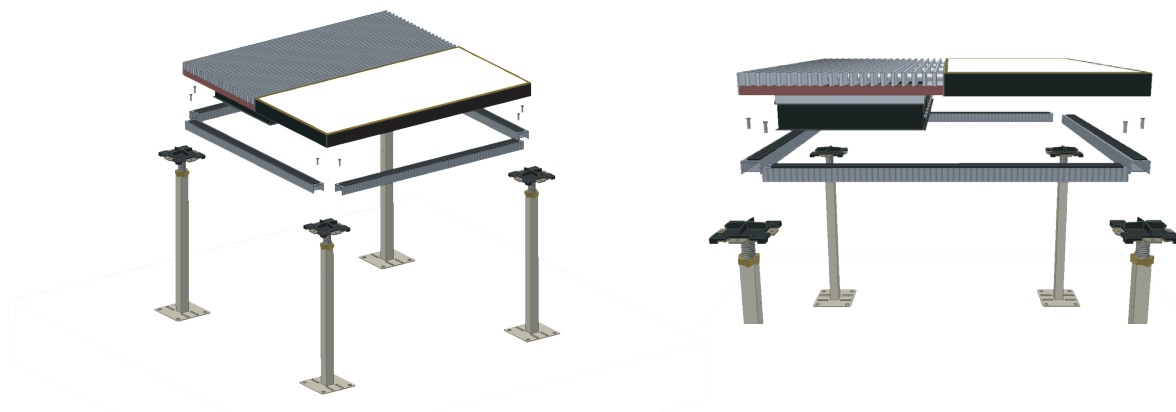

### AGF-L-28 + OBD 200 - CWC Aluminium Air Grille

### General Information

1. The standard size is 300mm wide and 600mm long, however custom sizes are available on request. i.e. 300 x 550mm; 300 x 400mm etc.
2. The Air Grille is made from 100% aluminium, the surface of these grilles are finished in a clear anodised finish.

The AGF-L-28+OBD 300 air grille is supported by:

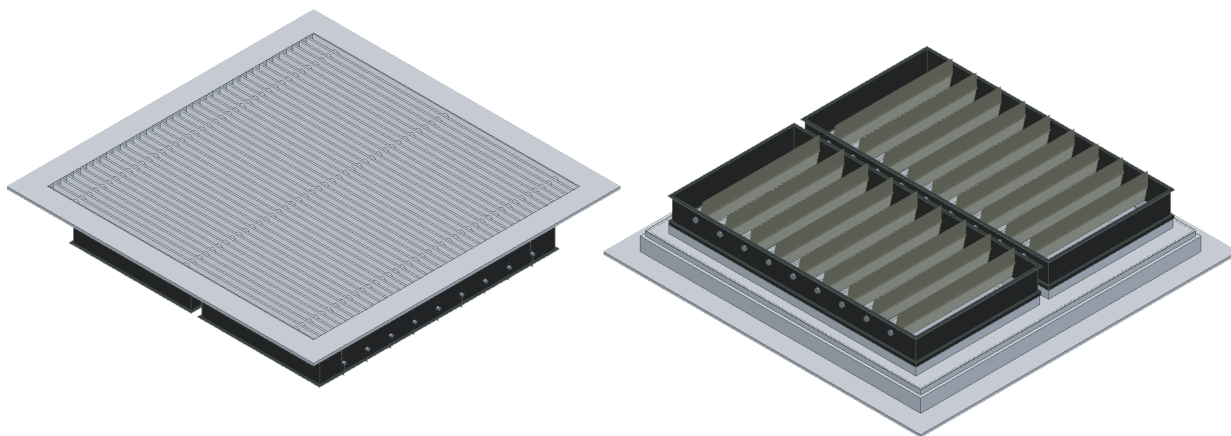

### Technical Data

Air Flow L/s	50	100	150	200	250	300	400	500
Pascal's Pa	-	2	4	6.5	11.5	16.5	27.5	41

## 600mm Wide Aluminium Air Grille for CF/TC Panels

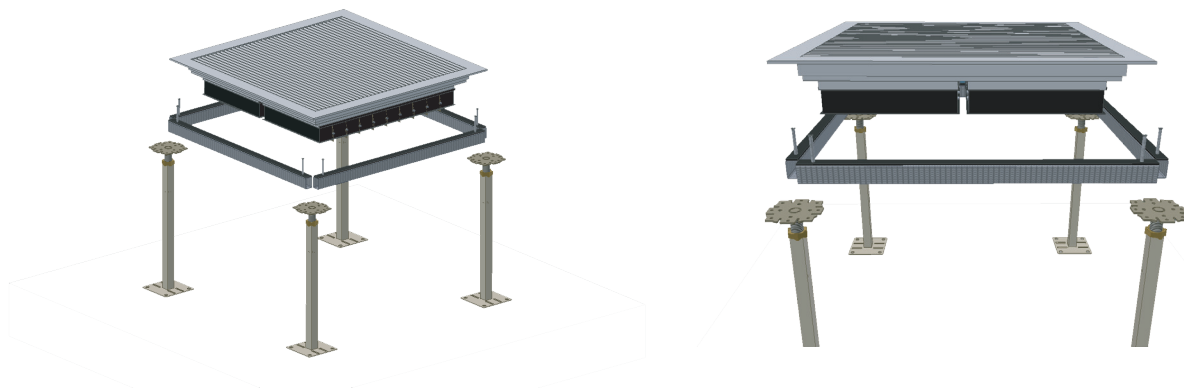

AGF-4-34 + OBD 600 - SC/TC Aluminium Air Grille

### General Information

1. The standard size is 600mm wide and 600mm long.
2. This Air grille is made from 100% aluminium, the surface of this grille is finished in a clear anodised finish.

The AGF-4-34+OBD 600 air grille is supported by:

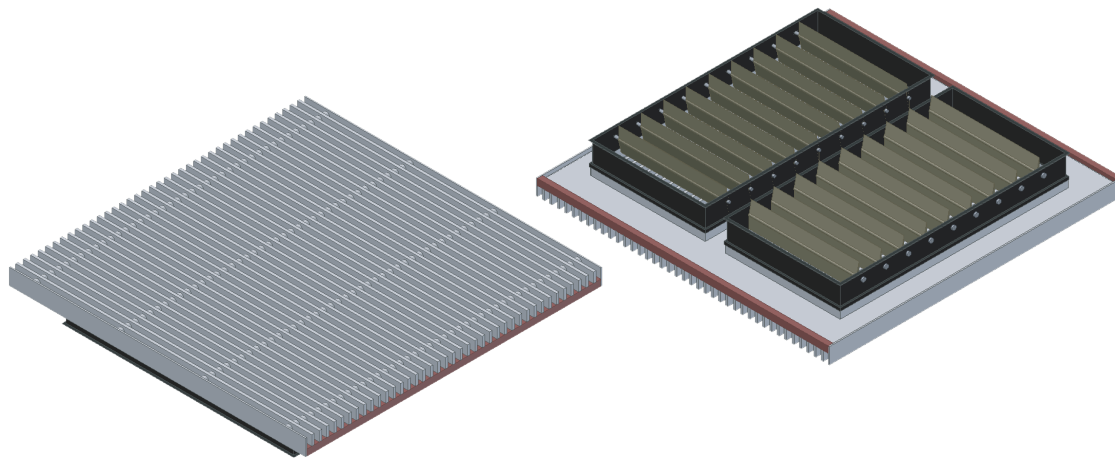

### Technical Data

Air Flow L/s	200	250	300	400	500	600	750	1000
Pascal's Pa	0.5	0.75	1	1.5	2	3.5	5	6.5

## 600mm Wide Aluminium Air Grille for CWC Panels

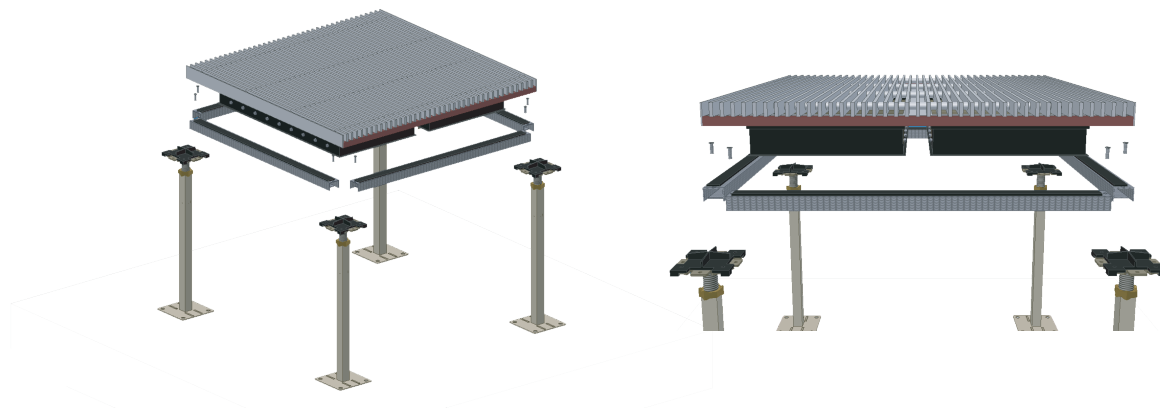

### AGF-L-28 + OBD 600 - CWC Aluminium Air Grille

#### General Information

1. The standard size is 600mm wide and 600mm long.
2. This Air grille is made from 100% aluminium, the surface of this grille is finished in a clear anodised finish.

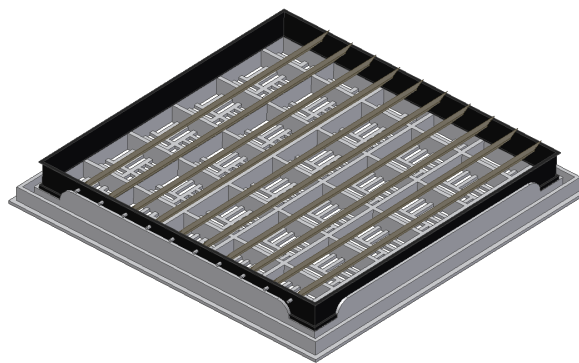

The AGF-L-28+OBD 600 air grille is supported by:

#### Technical Data

Air Flow L/s	200	250	300	400	500	600	750	1000
Pascal's Pa	0.75	1	1.5	2	2.5	4	5.5	11

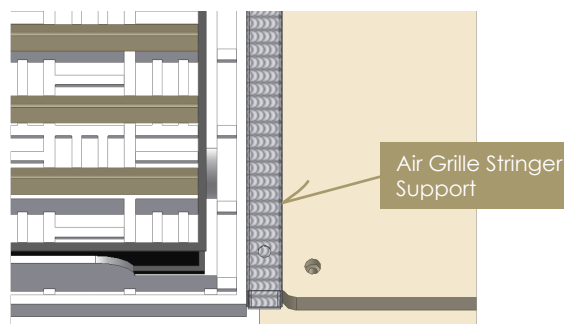

## A2000 Aluminium Air Grille

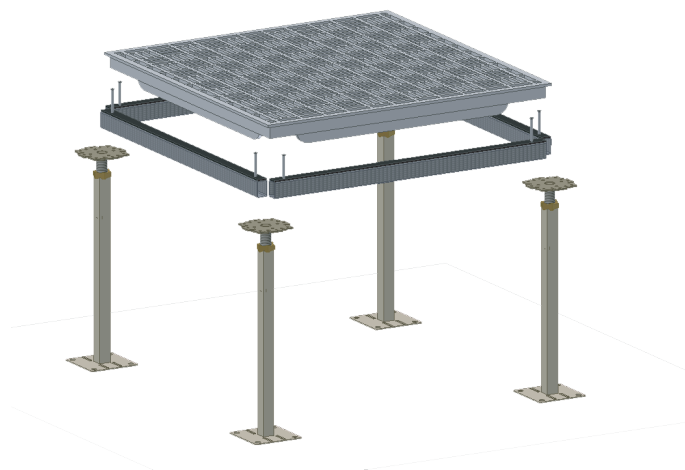

### General Information

1. The standard size is 600mm wide and 600 long.
2. 56% open area
3. Panel weighs 11kg
4. This Air Grille is made from 100% aluminium, the surface of these grilles are finished in a clear finish.

### Connection Detail

The A2000 is supported by:

Pressure Pa	Air Flow L/S
2.5	18
5	599
7.5	733
10	847
12.5	947
15	1037
17.5	1120
20	1197
22.5	1270
25	1339
